 Completion of first-round reviews: 30 Nov, 2022
 Deadline of revised manuscript: 31 Dec, 2022
 Notification of final decision: 31 Jan, 2023
 Final Manuscript Submission: 15 Feb, 2023

SUBMISSION

All accepted full papers at AutoUI 2022 are eligible for the journal special issue. However, those who want to submit their paper to SI should check their willingness to opt in the journal special issue when submitting their paper to AutoUI 2022. The selected SI candidate papers should be expanded with around 50% of new content (e.g., re-analysis of the data, presentation of more data, that was not presented in the conference paper, more related work, modeling, possible fields of data/results application for further development or implementation of Future Mobility solutions or an additional study) and submitted to the IJHCI's submission system (<https://www.editorialmanager.com/ijhc/default1.aspx>). The submitted manuscript will be re-evaluated based on their quality by the two international reviewers and the guest editor.

SUBMISSION FORMAT

The submitted papers must be written in English and describe original research which has been presented in AutoUI 2022 and published in the AutoUI2022 Proceedings. Instructions for Authors for preparing the journal paper submission can be found at <https://www.tandfonline.com/action/authorSubmission?show=instructions&journalCode=hihc20>
